

Big Water Wetting Agent Products: Benefits

- Conserves water usage by as much as 30%.
- Multiple “reacted” surfactants make this a “multi-vitamin” for your turf under any condition.
- Results in movement of water evenly throughout the soil matrix.
- Eliminates capillary effect.
- Environmentally friendly since it is Bio-Degradable.
- Lowers surface tension of substrate, allowing penetration of moisture (water & nutrients) to the root zone.
