

## Quick Coupling Key with Relief Valve

Part # IRSQCK-10055K Patent Pending

- **“NEWLY”** designed ***Exclusively*** from Kochek our new fire handle QC Key with relief valve. Designed to fit the most popular manufacturers valves with the ergonomic handle assuring proper installation and performance while enabling the user to relieve water pressure and remove key without worrying about backpressure. Longer handle design for hard to reach valves made of T6 powder coated and “lead free” aluminum, making Kochek’s QC Key lighter and safer to use.
