

Self-Leveling Floating Strainers

Patent # 7794589

- Made with 8" tubing
- Increased flow rates due to high intake ratio
- Maximum pump flows
- Lightweight design
- NEW **compact** design for easy storage
- Also available with storz and camlock connections

Full time swiveling strainer **FBS602 Big Water**

Most efficient strainer in today's market!!

Part Number	Weight (lbs.)	Length (Inches)	Height (Inches)	Width (Inches)
Big Water Self-Leveling Floating Strainer				
**FBS602	17	13.5	14.5	15.25
<i>**Recommended for pumps 1500 to 2,000 GPM</i>				
*FBS60	15.85	13.5	14.5	15.2
<i>*Recommended for pumps 1250 to 1500 GPM</i>				
FBS50	12.4	11.75	13	15
FBS45	12.1	11.75	13	14.5
FBS40	11.95	11.75	13	14
FBS30	9	11.35	11.5	10.25
FBS25	8.75	11.35	11.5	10.25
FBS15	2.9	8.5	8.25	5

- Floats and Barrels change according to the size/flow
- Available with Foot Valve - ordered separately
